(same as the PR1050X!)

10.1" Built-in high definition LCD display

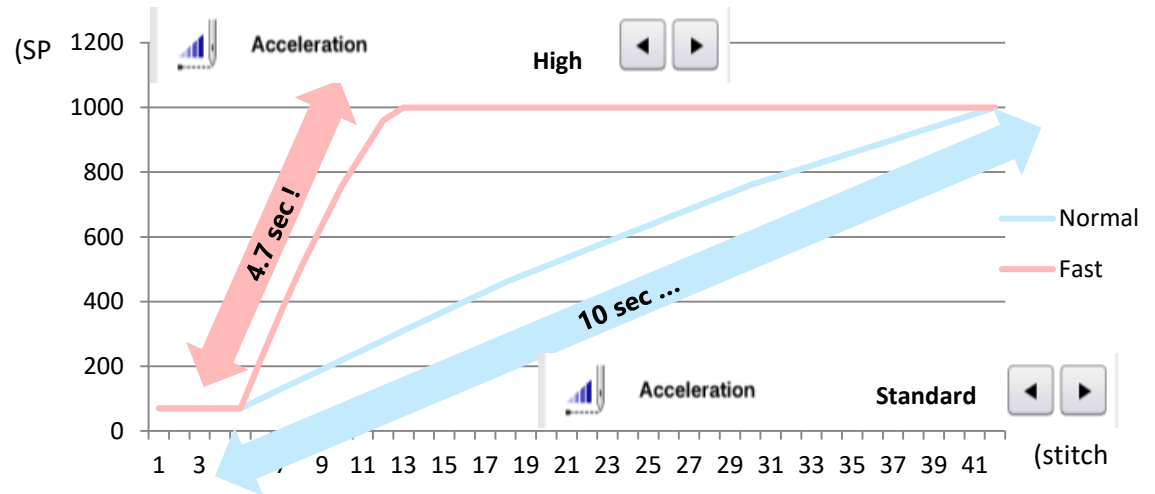

- 50% larger than prior model
- Intuitive user interface
- 17 built-in tutorial videos (4 more than previous version)

High-Speed Acceleration

You spoke, we listened!

- The PR670EC now has Industrial-level acceleration!
- And it's not only for initial stitches, the acceleration also applies to after thread cutting, short stitch after long stitch...
- Now you can take productivity to a new level!

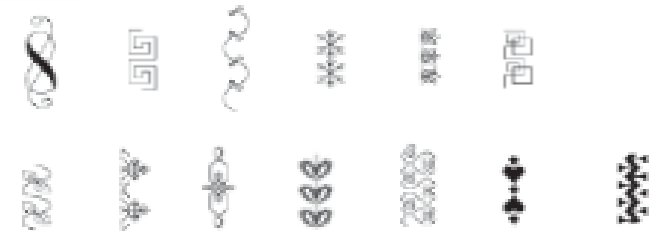

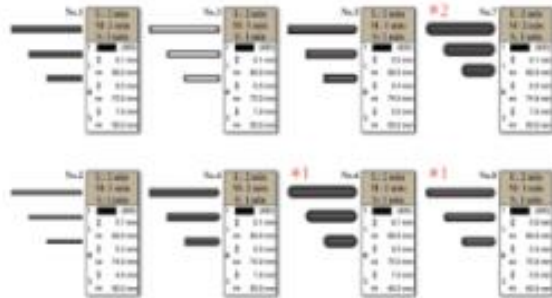

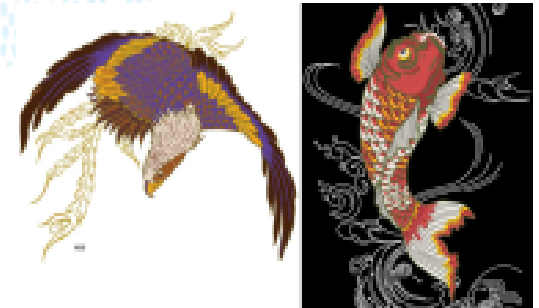

High-Speed Acceleration

SOME EXAMPLES	COLOUR CHANGES	STITCH COUNT	DURATION (MIN) - FAST	DURATION (MIN) - NORMAL	VAR (%)
<p>Geisha (12" x 8")</p> 	50	81009	142	152	<p>10min saving! (-7%)</p>
<p>Lion photo stitch (12" x 8")</p> 	10	111092	223	243	<p>20min saving! (-8%)</p>

Built-in Patterns

40 brand new patterns!

- Large patterns with Japanese inspiration
- Split monograms
- Split frames
- Buttonholes and utility stitches
- Tribal pattern

Intuitive Colour Management
